

## Day 16 - Out of Hiding

Tuesday, December 10, 2019

“So now, go. I am sending you to Pharaoh to bring my people the Israelites out of Egypt.” (Exodus 3:10)

One day while sitting on a park bench reading, a bee came within a few feet of me. I could hear it buzzing loudly and clearly. I listened intently, hoping it would stay out of my space. It darted low then the sound stopped abruptly. After scanning the ground and not seeing it, I went back to reading. Several seconds later, I noticed something fly up out the ground. I was a little puzzled and continued watching for a minute or so. Sure enough, it returned again. This time, I was able to see a little hole in the ground that it flew into. I always thought of bees in beehives but was unfamiliar with this behavior. I was able to observe it prepping the dirt walls of it's hole. It was very absorbed in this task and not much else. As I looked closer, I noticed many other holes around. Wikipedia informed me that solitary bees, as they are called, commonly nest in the ground. Bees hiding in the ground? I couldn't believe it! In Exodus 3:10, God called Moses out of hiding to take on a major assignment of demanding the Egyptian Pharaoh free the Israelite slaves. Moses had fled Egypt 40 years prior

and had made a new life in the wilderness and mountains. We also see God reveal to Elijah that He had thousands of people hidden for His purpose. This was after Elijah said he was the only prophet left (1 Kings 19:18). Today God is calling many solitary people out of their hiding places to do great things through them. He is saying today “So, now go.” There is much work to be done.

Prayer: “Lord I am available for you to use me in any way that you choose. Where you send me I will go. In Jesus’ name I pray. Amen.”

Pray for God’s continued guidance, protection, provision and success for Cliffard Whitby (Bibb County 2020 mayoral candidate) and the Whitby2020 campaign team and supporters.

Pray that God would grow and increase this movement and energize individuals to co-labor with us for positive change.
