

Day 17 - GPS Navigation. (God's Positioning System)

Wednesday, December 11, 2019

Just as Gehazi was telling the king how Elisha had restored the dead to life, the woman whose son Elisha had brought back to life came to appeal to the king for her house and land. (2 Kings 8:5)

Today's devotional is about the God who sits high in the heavens but looks low, who knows all and sees all. He knows where you came from and gives perfect directions to your destination. In 2 Kings 8, there was a Shunammite woman whose son the Prophet Elisha had raised from the dead. She had left her home and property for seven years to avoid a famine, heeding the prophet's instruction. Once the famine was over, she returned to find her land in someone else's possession. So, she headed to the king to appeal for her house and land. Following GPS (God's Positioning System), she not only made it to the right place but to the right place at the right time. This same GPS had placed Gehazi (Elisha's servant) together with the king, discussing the Shunammite woman at the same time she came looking for the king. Moreover, at least seven years had passed since the event they were discussing. If that's not enough to get excited about. What was the outcome? Verse 6 says, "Then he [the king] assigned an official to her case and said to him, 'Give back everything that belonged to her, including all the income from her land from the day she left the country until now.'" What an awesome God! Consider what the outcome may have been for her had she met with the king a few hours earlier or even an hour after the king's meeting with Gehazi had he not realized she was the woman they had discussed. So, we can be assured that God's Positioning System (GPS) is well designed to navigate us through adversity and direct us to His full blessings.

Prayer: "Lord I choose to use your GPS navigation. I know that you will do for me what you did for the Shunammite woman. Thank you for your perfect direction and timing, in Jesus, name I pray. Amen."

Pray for God's continued guidance, protection, provision and success for Cliffard Whitby (Bibb County 2020 mayoral candidate) and the Whitby2020 campaign team and supporters.

Pray that God would grow and increase this movement and energize individuals to co-labor with us for positive change.
